FUNDAMENTALS OF THE BIOSCIENCE INDUSTRY PROGRAM ALUMNI NEWLETTER

ALUMNI SPEAK OUT

ISSUE 1, FALL 2004

At the end of July 2004, I sent out an email to all program alumni for their input on the new alumni network. The responses were great! Most overwhelming was the desire to COMMUNICATE. Next, was a forum for networking, finding contacts, and jobs. Finally, there was interest in evening/ weekend gatherings in Manhattan with invited guest speakers modeled on MBA-type networking events. In creating this newsletter and the alumni discussion group, I hope to have met some of these goals. Remember, that this network will only be as good as we make it, so please send me an email for things to include in future newsletters

ALUMNI GET-TOGETHER SEPTEMBER 21ST 5PM

There will be a social gathering of alumni following the Life Sciences Industry Career Development Conference. We will meet at the networking reception area at the CUNY graduate center at 5pm. We will then head out for dinner/drinks. To register for the program go to: <http://www.biotech.sunysb.edu/educWork/career2004/prelim-prog.html>

and join the alumni email list-serv (see story below). The first social gathering of the alumni network will take place on September 21st at 5pm in Manhattan following the 3rd annual Life Sciences Industry Career Development Conference. I look forward to seeing you all then!

ALUMNI DISCUSSION GROUP

An alumni discussion group/ list-serv has been created at topica.com. Everyone from the program has been invited to join. If you do not have the link anymore it is: <http://lists.topica.com/lists/biosciencecertificatealumni>

The discussion group can be accessed on the web, or simply through your existing email account. You DO NOT have to click on any of their "offers" when you register. Once it is set up, you will only get emails to the account you registered with when someone posts to the list-serv.
