Building Critical Mass:
Long Island at a Tipping Point

Thursday, May 4, 2006
Hilton Long Island/Huntington - Melville, NY
8 AM - 5 PM

REGISTER NOW! Early Registration Ends April 6th!
Call: 631-632-1080 Fax: 631-632-8577 Web: www.lilsi.org

Long Island Life Sciences...at a Tipping Point

- With approximately 300 companies peppered among internationally recognized academic research institutions, the region is moving ever closer towards a critical mass of activity in the pharmaceutical, biotechnology, medical device, nutraceutical and personal care sectors.
- The **2006 Life Sciences Industry Summit** will emphasize the emergence and expansion of a vibrant life sciences community, while highlighting a focused plan to grow and sustain the local and statewide industry.
- With more than 50 distinguished speakers and over 300 attendees, important industry topics such as financing, facilities expansion, workforce development, regulatory affairs, translational research and public policy will be discussed.

Register Now! Become a Sponsor...and help push Long Island's life sciences community over the edge!

Event Organizers

Long Island represents the largest concentration of life science companies in New York State. The Long Island Life Sciences Initiative (LILSI) is a regional advocacy organization focused on the attraction, retention and development of life science firms. The organization aims to address issues of strategic importance to the long term growth and sustainability of the pharmaceutical, biotechnology, medical device, nutraceutical and personal care sectors. For more information visit www.lilsi.org.

The Center for Biotechnology is a cooperative research and development partnership between universities, private industry and New York State. As a founder of the Long Island High Technology Incubator (LIHTI), the New York Biotechnology Association (NYBA) and the Long Island Life Sciences Initiative (LILSI), the Center continues to play a pivotal role in enhancing the competitive position of New York's bioscience industry. The Center is funded by the New York Office of Science, Technology and Academic Research (NYSTAR). Visit www.biotech.sunysb.edu for more information on the Center.
